Summary

Full Stack Developer, Successfully completed the Coding Bootcamp at the University of Sydney. Having an appetite for continuous learning, collaboration, and problem-solving. Excited to leverage my skills in the future as part of a fast-paced, quality-driven team in order to build applications that assist everyday people to make their lives easier. Looking to bring my attention to detail and technical skills to a company to grow and become a valuable asset.

Technical Skills

Programming Languages : HTML, CSS, Javascript, Node.js
Database Management : Mysql, MongoDb
Libraries / Frameworks : jQuery, Bootstrap, Express, Sequelize, Handlebars, graphQL, JWT, React.

Projects/Assignments

WelcomeU | https://welcomeu.herokuapp.com/ | https://github.com/Samer-Balee/WelcomeU

A social app built up with MERN full stack for immigrants to be able to find other immigrants that speak the same language or other immigrants that can relate to, share their posts, ask for any help and comments on any other posts.

Technologies used: MongoDB, Express, React, Node.js, JWT, Tailwind CSS.

DateNight | https://samer-balee.github.io/DateNight-Project1/ |
https://github.com/Samer-Balee/DateNight-Project1

Worked with a team to build an app that helps a nervous person to schedule his date and get a direction, knows the weather on that date, clothes, drinks, jokes and quote suggestions.

Technologies used: HTML, CSS, JavaScript, JQuery, APIs

Tech Blog | https://tech-blog-fs.herokuapp.com/ | https://github.com/Samer-Balee/Tech-Blog-FS

A CMS-style blog site similar to a Wordpress site, where developers can publish their blog posts and comment on other developers' posts as well.

Technologies used: HTML, CSS, JavaScript, Node.js, MySql, Sequelize, Express and Handlebars.

Experience

Wholesale and retail Employee   **2018 - present**
HDSO Tobacconist   **Mortdale, NSW**
- Ordered, procured, and stocked all received shop items, in a proper manner.
- Opened, closed, and managed operations of the shop, as needed.

- Supervised and assisted with shop cleaning and product arrangement activities.
- Priced, promoted, and sold various products and items of the shop to the customers.
- Completed and maintained accurate shop-related paperwork and records.
- Greeted and interacted with all shop customers and visitors, in a courteous manner.
- Welcomed all shop visitors and assisted them in selecting appropriate products.
- Operated the cash register and handled all cash transactions, in an efficient manner.
- Processed and documented all product sales, in an accurate manner.
- Received, merchandised, and arranged all shop items for visual display.
- Checked and counted all product inventories in the shop, according to established policies.
- Cleaned, tidied, and maintained the visual appeal of the shop.

Chemical Engineer   **2005 - 2016**
Vegetable Oil Company   **Baghdad, Iraq**
- Determined correct processes needed to manufacture materials to proper capacity.
- Supervised several chemical processing plant employees to verify overall quality of materials.
- Worked closely with team members to deliver project requirements, develop solutions and meet deadlines.
- Supervised project production efforts to ensure projects were completed to company standards, on time and within budget constraints.

Education

- Certificate in Web Development / The coding Boot Camp at the University of Sydney.
- Bachelor degree in Chemical Engineering / University of Baghdad.
